Network outage disrupts care at Illinois medical group
Hannah Mitchell – Becker Hospital Review, Friday, July 16th, 2021
https://www.beckershospitalreview.com/cybersecurity/network-outage-disrupts-care-at-illinois-medical-group.html
"DuPage Medical Group is experiencing a network outage that has disrupted patient care and access to medical records, according to a July 15 Chicago Tribune report.
The medical group is the largest independent medical group in Illinois, with more than 750 primary care physicians across 100 locations. Annually, it handles 2 million patient visits, their website said. ……when Becker's asked if the outage was linked to a cyberattack, Ms. Lagger said the cause of the interruption is still under investigation."
